

Teaching attributes that I currently exhibit on a regular basis

Teaching attributes that I need to improve

Globally Aware

Collaborator

Data Literate

I try to model an appreciation for diversity in beliefs, religions, cultures, race, and life choices to build a world community of understanding.

I team with my colleagues to generate new thinking, share ideas and accomplish goals.

My students help to create classroom rules and procedures.

I will complete the NCDPI module on Data Literacy

I lead students to explore global issues and define their roles in contributing to a better world.

My students show respect for one another

I will seek assistance from instructional coaches in my school.

I invite parents to help with our study of Holidays Around the World.

I actively participate in PLCs in my school.

Many of my class projects are directly related to current affairs.

Recycling project

My students enjoy Skyping with another class in a foreign country
